Town of Wellesley

Rules and Regulations Governing Common Victualler Licensing Process

Protocol for issuing a Common Victualler license

Massachusetts General Law Chapter 140 governs the licensing of Common Victuallers, and designates the Board of Selectmen as the licensing authority within the Town of Wellesley. Before granting a license, the Board must determine if the public good requires it. In making this determination, the Board will consider the following:

- Traffic and pedestrian safety issues (see Required Traffic & Parking Information)
- Adequacy of parking (see Required Traffic & Parking Information)
- Sanitation arrangements and conditions (Health Department signoff required)
- Noise, odors or other disruptions to the surrounding neighborhood
- Zoning compliance (Building Department signoff required)
- Fire safety (Fire Department signoff required)
- Any other public safety issues

Ongoing requirements

Any person to whom a Common Victualler License is issued shall ensure that order and decorum is maintained in the licensed premises at all times, and shall cooperate in every respect with town officials including, but not limited to representatives of the Board of Selectmen, the Fire and Police Departments, and the Board of Health. The licensed premises shall be available at all times for inspection by said officials or any other department or official of the town so directed by the Board of Selectmen.

1. Licensees shall ensure that their premises are kept clean, neat and sanitary at all times.
2. A licensee who offers entertainment shall obtain a license from the Board of Selectmen, pursuant to the Town's Entertainment Regulations.
3. Unless otherwise authorized pursuant to a license duly issued by the Board of Selectmen, no employee of the licensee shall consume any alcoholic beverage or unlawful controlled substance while on duty, or during the eight-hour period preceding their tour of duty.
4. Deliveries between the hours of 11 p.m. and 5 a.m. are prohibited without specific permission.
5. Licensees who wish to sell alcoholic beverages shall obtain a license from the Board of Selectmen, pursuant to the Town's Rules & Regulations Governing Alcoholic Beverages.

Patron-supplied beverages

No licensee or employee of the licensee shall permit a patron to bring into the licensed premises any alcoholic beverage for consumption on the premises, unless the licensee has obtained written permission from the Board of Selectmen. If the Board grants permission, the licensee shall adhere to the following regulations:

1. A patron may only be permitted to possess or consume wine or malt beverages, as defined in Massachusetts General Law 138 Section 1, inside the licensed premises, or on a patio or porch attached to the licensed premises. Patrons shall not be permitted to possess or consume alcoholic beverages in parking lots, on sidewalks, or upon the property of abutters.
2. At least one employee who is at least eighteen years of age and who has successfully completed an alcoholic beverage server training program shall be on duty whenever any patron is consuming an alcoholic beverage on the premises.
3. No intoxicated patron shall be allowed to possess or consume an alcoholic beverage on the premises.
4. No person who is under 21 years of age shall be permitted to possess or consume an alcoholic beverage on the premises. In determining a patron's age, an employee may rely only upon a valid Massachusetts drivers license, a Massachusetts Liquor Identification Card, a valid Passport issued by the U.S. or by a foreign government, recognized by the United States government, or a valid Military ID card issued by the U. S. government.
5. A patron may take off the licensed premises an unfinished bottle of wine, provided that the bottle shall be resealed in accordance with regulations promulgated by the Massachusetts Alcoholic Beverages Control Commission. Otherwise, no patron may be permitted to take off the licensed premises any container of alcohol.

Renewals

A Common Victualler's license is subject to annual renewal. When determining whether to renew a license, the Board of Selectmen will utilize the same criteria as set forth above. Renewal forms may be obtained from the Board of Selectmen. Renewal forms must update all previously filed statements and plans where appropriate. It is the responsibility of the licensee to file for a renewal in a timely manner. Failure to renew prior to expiration shall result in a loss of license and any subsequent license request must then be treated as a completely new application.

Suspension, revocation or modification of a Common Victualler's license

The Board of Selectmen may suspend, revoke or modify a Common Victualler's License if, after a public hearing, the Board finds that these regulations have been violated.

TOWN OF WELLESLEY
INSTRUCTIONS FOR APPLYING FOR A
COMMON VICTUALLER LICENSE

1. Fill-out and sign the application form and attachments.
2. Obtain all applicable initial plan reviews and/or preliminary approvals from the Building, Health, and Fire Departments, and the Design Review Board, before CVL application is submitted to the Selectmen's Office.
3. Deliver the completed and signed application form and attachments (e.g., tax certification, resumes, floor plan, and applicable parking & traffic information), along with a check for the application fee of \$50.00 payable to the Town of Wellesley, to the Selectmen's Office, on the third floor of Town Hall, Mon-Fri, 8:00 a.m.- 4:00 p.m..
4. A Personal Criminal Record Request Form (CORI) will be obtained by the Selectmen's Office from the Criminal History Systems Board. This CORI access is in regard to the screening of current and otherwise qualified prospective applicants.
5. After the application materials are received and reviewed for completeness, an interview will be scheduled with the Executive Director to discuss the applicant's plans. The applicant will then be required to appear before the Board of Selectmen during one of their regular public meetings. Staff in the Selectmen's Office will notify the applicant by telephone of the date and time of the interview.
6. The Board of Selectmen reserves the right to *postpone* CVL approval until all issues and concerns raised by the Board are addressed by the applicant to the Board's satisfaction; and the Board of Selectmen also reserves the right to *deny* CVL approval if the applicant fails to meet the application requirements, or does not/cannot resolve the issues and concerns raised by the Board.
7. Once the Board of Selectmen approves the CVL application, the applicant will need to obtain all required building, health, fire, and design review final approvals (i.e., permits, reviews, and/or inspections) before the CVL will be issued. If the applicant fails to obtain a required approval at any point in the process, the issuance of the CVL will be withheld until the issue or problem is resolved to the satisfaction of the appropriate approving authority.

Specific questions should be addressed to:

Selectmen's Office, 3rd Floor of Town Hall, 525 Washington Street, (781) 431-1019 x201

TOWN OF WELLESLEY
REQUIRED TRAFFIC & PARKING INFORMATION
FOR COMMON VICTUALLER LICENSE

No Common Victualler License will be approved until the applicant provides all applicable traffic and parking information listed below; and none will be approved until all issues and concerns have been addressed to the satisfaction of the Board of Selectmen.

INFORMATION REQUIREMENTS

No Change of Use (e.g., restaurant to restaurant with no increase in seating):

- Explanation on application form stating how much parking is needed, and how it will be provided;
- Letter of permission from owner if arrangements have been made to use a private parking lot (letter should state the conditions of the arrangement, i.e., number of spaces, time of use, length of agreement, and any restrictions).

Partial Change of Use (e.g., from store to restaurant; addition of alcohol license; increase in seating, etc.)

- Explanation on application form stating how much parking is needed, and how it will be provided;
- Letter of permission from owner if arrangements have been made to use a private parking lot (letter should state the conditions of the arrangement, i.e., number of spaces, time of use, length of agreement, and any restrictions);
- Site diagram showing building, location of parking, vehicular access, and pedestrian access;
- Explanation of how any negative impacts on current levels of traffic and parking will be mitigated.

Full Change of Use or New Use (e.g., clothing store to restaurant):

- Explanation on application form stating how much parking is needed, and how it will be provided;
- Letter of permission from owner if arrangements have been made to use a private parking lot (letter should state the conditions of the arrangement, i.e., number of spaces, time of use, length of agreement, and any restrictions);
- Site diagram showing building, location of parking, vehicular access, and pedestrian access;
- Traffic Impact Study and Site Parking Analysis, both to be done by a professional transportation engineer (see standards below);
- Comprehensive traffic and parking mitigation plans (3 copies each).

Standards for the Conduct of a Traffic Impact Study and Site Parking Analysis:

- The professional transportation engineer will conduct any and all studies and analyses in accordance with industry standards as set forth by: United States Department of Transportation, Federal Highway Administration; Massachusetts Highway Department; Massachusetts Department of Environmental Protection Agency; and, Institute of Transportation Engineers. In cases where there are varying levels of standards, the transportation engineer will utilize those most commonly used, or mandated by law. Supporting data or documents should also be provided to quantify the use of a particular standard.
- For trip generation purposes where an establishment is not clearly defined in the ITE Trip Generation Manual, the transportation engineer shall collect sample data from at least 3 similar establishments, to calibrate the trip generation projection.

Notwithstanding the foregoing, the Board of Selectmen, at its discretion, may require a Traffic Impact Study or Site Parking Analysis in situations involving No Change of Use or Partial Change of Use.

All studies, analyses, and plans may be evaluated by the Town's contracted transportation engineer.
